

**Precision Machined  
Cast Aluminium  
Plate**

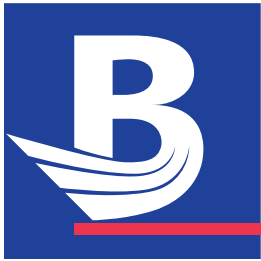

**BLACKBURNS  
METALS LIMITED**

**Beware of imitations... LOOK FOR THE LOGO!**

**Alcoa / Blackburns The No.1 Partnership for Machined Tooling Plate**

**BLACKBURNS  
METALS LIMITED**

**LOOK FOR THE LOGO! If it's NOT on the plate it's NOT MIC-6!**

### MIC-6 is unique...

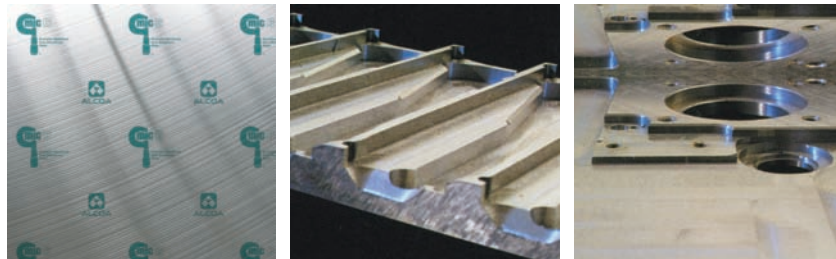

It is the only precision milled plate cast to near net thickness, guaranteeing virtually zero stress.

MIC-6 is a cast aluminium plate finished to close tolerance in all dimensions and thermally stabilised. All other machined cast plates are bandsaw cut from block.

The inherent characteristics of this product lend themselves to a wide range of uses in many industries, including:

- Aircraft Tooling
- Heating and Cooling Patterns
- Automotive Tooling
- Index Tables
- Chip Printers
- Jigs and Fixtures
- Circuit Printers
- Medical Instrumentation
- CNC Routing Tables
- Packing Machinery and Moulds
- Electronics
- Pharmaceutical Machinery
- Food Machinery
- Printing Machinery
- Foundry Patterns
- Vacuum Chambers
- Robotics
- Vacuum Chucks

**MIC-6 is the most advanced machined cast tooling plate available today. Virtually stress free achieving the ultimate shape stability time after time...**

### STOCK THICKNESS RANGE
